

Points Membership

What is a Points Membership?

Bawburgh Golf Club is pleased to be able to offer a flexible alternative to the traditional types of annual membership currently available.

The Points membership provides all the benefits and privileges associated with being a member and conveniently combines it with an easier way of paying only for the golf you play.

Points is a pay-as-you-play system. You purchase a number of Points which are used each time you play. Should you use up all your Points, you can simply just buy some more.

Points is the perfect type of membership for those who are not currently members of a club, or have lifestyle and work commitments that restrict the number of times you can play throughout the year.

If you are a member of another club where golf is restricted throughout certain times of the year, Points offers you the opportunity to play golf at Bawburgh when it suits you and only pay for when you play.

For our many visitors to the County of Norfolk who would like to have a "home" club to play at when you are here, Points also provides a cost effective membership to a friendly club.

In addition to some excellent golf, Points also offers discounted food and drink in the Clubhouse, even when you're not here to play golf.

Included is our popular 9 hole, par 36 course plus Driving Range and Golf Shop located nearby at which Points members are welcome and discounts are available.

It goes without saying that if Points members enjoy the golf and facilities at Bawburgh Golf Club, they are entitled to upgrade to any of our existing annual membership schemes at any time and any outstanding Points will be deducted from the cost.

How does Points work?

The Points membership is a very simple one. Each member purchases a number of Points, which are then exchanged purely for golf.

The amount of Points needed will vary based upon the day of week and the time of day that you want to play, but Bawburgh Golf Club can guarantee all play will be at a discounted rate.

There are NO joining or administration fees, but Points members will be required to purchase a minimum of 100 Points each annual renewal to maintain membership of Bawburgh Golf Club. In return, the Club will pay all Golf Union fees. Points allows you all the benefits of a standard membership but here are the answers to some questions that you may have.

Are Points members allowed to bring guests?

Yes! Points membership is non-transferable, but you may sign in up to 3 guests each time to play with you and use your Points to pay for them too, if you so wish. However, before 1.00pm at weekends, only 1 guest per member is allowed.

Can Points members have an official handicap?

Yes! All Points members are entitled to maintain their handicap at Bawburgh Golf Club.

Can Points members play in any competitions or matches?

Yes! Points membership entitles you to play in Club competitions or matches. The usual entry fees will still apply in addition to the Points needed to play at the relevant time.
